

HAPPY NEW YEAR to all!!!!

That being said, I would like to thank all members for placing their trust and confidence in your board of directors for the coming year.

We have some great ideas for continuing to keep our club moving in the right direction for the near future. We have started by opening our Tuesday night 2 meter net on the 146.62 repeater to Hams wishing to check in via ECHO LINK. Steve K7SWF did all the heavy lifting on this with a little help from others in the know.

If you have any ideas you would like to see to move our club forward, please contact me or any board member.

Again thank you for your trust and confidence in your board of directors. We look forward a great year of serving you.

Jay
